Educational Background

Dr Chong obtained her Bachelor of Medicine from the Chinese University of Hong Kong in 2003. She underwent surgical training in Hong Kong and obtained her FRCSEd (Gen) in 2010. She also obtained a Master in Epidemiology and Biostatistics in 2009.

Professional Career

Dr Chong is currently Hhonorary Associate Professor in the Department of Surgery, Prince of Wales Hospital, the Chinese University of Hong Kong. She graduated from the Chinese University of Hong Kong and is a fellow of the Royal College of Surgeons of Edinburg.

She serves as the council member of Hong Kong Society of Hepatobiliary and Pancreatic Surgery. She is also a member of several professional organizations including the International Hepato-Pancreato-Biliary Association (IHPBA), International Association of Surgeons, Gastroenterologists and Oncologists, Hong Kong Society of Hepatobiliary and Pancreatic Surgery, Hong Kong Society of Robotic Surgery and Asian EUS Group.

Research Field

Her main research interests are endoscopic ultrasound and pancreatic cystic disease, as well as minimally invasive surgery for hepatobiliary and pancreatic disease. She has strong track record on these fields. She has published a number of key papers on endoscopic ultrasound and minimally invasive hepatectomy and participated in many international multicentered studies in this field. Successful projects and collaborations were established worldwide.
