Name	Jae Min Lee
Affiliation	Korea University
Country	Republic of Korea
Major Field	Gastroenterology

Educational Background

Ph.D Course, Korea University Graduate School, 2013-2016
M.Sc.Degree, Korea University Graduate School, 2010-2012
M.D.Degree, Korea University College of Medicine, 1999-2005

Professional Experience

Professor, Korea University College of Medicine, Korea, 2024-present
Associate professor, Korea University College of Medicine, Korea, 2019-2024
Visiting Scientist, Cedars-Sinai Medical Center, CA, USA, 2022-2023
Assistant professor, Korea University College of Medicine, Korea, 2018-2019
Clinical assistant professor, Korea University College of Medicine, Korea, 2015-2018
Clinical Instructor, Korea University College of Medicine, Korea, 2013-2015

Main Scientific Publications

Propensity score-matched analysis of physician-controlled wire-guided cannulation as an effective technique against difficult cannulation in endoscopic retrograde cholangiopancreatography: A retrospective study. PLoS One. 2023

Minimally invasive treatment of duodenal obstruction with acute pancreatitis caused by two large bezoars. J Minim Access Surg. 2022

A national survey on the environment and basic techniques of endoscopic retrograde cholangiopancreatography in Korea. Gut Liver . 2021

Effect of histological examination on the diagnosis of pancreatic mass using endoscopic ultrasound fine-needle aspiration.   Adv Clin Exp Med. 2021

Novel ablation therapy using endoscopic irreversible electroporation in the bile duct: a pilot animal study.   Clin Endosc. 2021

Artificial intelligence-assisted analysis of endoscopic retrograde cholangiopancreatography image for identifying ampulla and difficulty of selective cannulation. Sci Rep. 2021

Long cylindrical filling defects in bile duct.   Gastroenterology. 2020
