	Name in Full	Jae Yong Park
	Country	Republic of Korea
	Affiliation	Chung-Ang University College of Medicine
	Email	jay0park@cauhs.or.kr

Educational Background

2005.3 – 2011.2: M.D. degree from Seoul National University College of Medicine
 2014.3 – 2016.2: Master degree from Seoul National University College of Medicine
 2016.3 – 2022.8: Ph.D. degree from Seoul National University College of Medicine

Professional Career

2011.3 – 2017.2: Internship, Residency, Fellowship of Internal Medicine in Seoul National University Hospital
 2017.3 – 2020.2: Clinical Assistant Professor of Internal medicine, Chung-Ang University Hospital
 2020.3 – 2024.2: Assistant Professor of Internal Medicine at Chung-Ang University Hospital
 2024.3 – present: Associate Professor of Internal Medicine at Chung-Ang University Hospital

Research Field

Gastric cancer, endoscopic procedures, big data study, *Helicobacter pylori*, microbiome

Papers, Books, etc. presented or published by your name
 (topic title, year, conference name or presenting books)

[Journal Articles]

Nationwide Survey on Endoscopic Submucosal Dissection for Early Gastric Cancer in Korea: Results From the Korean College of *Helicobacter* and Upper Gastrointestinal Research (KCHUGR) 2023 Survey. J Gastric Cancer. 2026

Tegoprazan-Based Triple Therapy for *Helicobacter pylori* Eradication: A Phase III Multicenter Randomized Clinical Trial. Helicobacter. 2026

The significance of small lymph nodes on CT for advanced poorly cohesive gastric carcinoma. Cancer Imaging. 2026

Analysis of risk factors for bleeding after gastric endoscopic submucosal dissection with an emphasis on age and sex differences: A nationwide population-based study. Surg Endosc. 2025

A simple and safe endoscopic technique for removing huge gastric bezoars using a looped guidewire. Endoscopy. 2025

Association of Oral Health and Periodontal Disease with Oesophageal Cancer: A Nationwide Population-Based Study. J Clin Periodontol. 2025

Comparative Efficacy of Potassium-Competitive Acid Blocker-Based Triple Therapy with Tegoprazan vs. Vonoprazan for *Helicobacter pylori* Eradication: A Randomized, Double-Blind, Active-Controlled Pilot study. Gut Liver. 2025

Comparative Changes in Fecal Microbiome After Endoscopic Resection and Surgical Resection in Gastric Cancer Patients. J Pers Med. 2025

Increasing correlation between oral and gastric microbiota during gastric carcinogenesis. Korean J Intern Med. 2024.

Influence of Procedural Volume on the Outcome of Gastric Endoscopic Submucosal Dissection: A Nationwide Population-Based Study Using Administrative Data. Gastroenterology. 2024.

A 6-year nationwide population-based study on the current status of gastric endoscopic resection in Korea using administrative data. Sci Rep. 2023

Analysis of the gut microbiome using extracellular vesicles in the urine of patients with colorectal cancer. Korean J Intern Med. 2023

[Book]

Chapter: Extragastric Manifestations of *H. pylori* Infection: Lower GI Disorders. *Helicobacter pylori*. 2nd Edition. 2023
