

CURRICULUM VITAE

Personal Information

Title	Dr.	
Name	Weon Jang	
Degree	MD, Ph.D	
Country	Republic of Korea	
Affiliation	Jeonbuk National University	
Department	Radiology	

Educational Background

2010 – 2014 M.D. & M.S., Jeonbuk National University, Republic of Korea

2017 – 2021 Ph.D., Jeonbuk National University, Republic of Korea

Professional Career

Assistant Professor, Department of Radiology, Jeonbuk National University Hospital (2023 – present)

Clinical Professor, Department of Radiology, Jeonbuk National University Hospital (2021 – 2023)

Clinical Fellow, Department of Radiology, Jeonbuk National University Hospital (2019 – 2021)

Resident, Department of Radiology, Jeonbuk National University Hospital (2015 – 2019)

Intern, Jeonbuk National University Hospital (2014 – 2015)

Research Field

Quantitative biomarkers in abdominal and genitourinary imaging

Main Scientific Publications

1. Jang W, Cho HR, Ha GW, Song JS. Quantitative and qualitative evaluation of high-quality hepatobiliary phase imaging with shortened timing and utility in patients with compromised liver function. *Abdom Radiol (NY)* 2024;49:2659-2671
2. Jang W, Song JS, Kim TH, Yoon KH. Intraindividual comparison of MRI-derived liver surface nodularity score at 1.5 T and 3 T. *Abdom Radiol (NY)* 2022;47:1053-1060
3. Jang W, Jo S, Song JS, Hwang HP, Kim SH. Comparison of diffusion-weighted imaging and MR elastography in staging liver fibrosis: a meta-analysis. *Abdom Radiol (NY)* 2021;46:3889-3907
4. Jang W, Song JS, Kwak HS, Hwang SB, Paek MY. Intra-individual comparison of conventional and simultaneous multislice-accelerated diffusion-weighted imaging in upper abdominal solid organs: value of ADC normalization using the spleen as a reference organ. *Abdom Radiol (NY)* 2019;44:1808-1815
